How information about the student will be used and who we will share the student information with -

In order to manage the placement, EBP will process the student's personal data that is shared with us. This may include the student's name, school, employer, start and end dates and any special data shared with us (such as medical information). We will also share this data with the employer so that the employer can provide a work placement. EBP takes great care to look after personal data - you can read how we do this at http://educationbusinesspartnership.co.uk/privacy-policy/

How long we will keep information about the student - We will keep the information until the student is 25 years old, which is a legal requirement.

If you need any further information - Please email us at info@ebpwb.co.uk

Work Placement Provider: How information about you will be used

Members of the EBP work experience team will store this information about your organisation on our secure database. Some of the information will be given to the relevant schools and students that have work experience placements with you.

How long we will keep information about you

We review our database on an annual basis and will destroy records of organisations that have not had a work experience placement for over 10 years.

Who we will share your information with

We will give your name, company name, address, email address and telephone number to the school which will also be given to the student and his/her parents. This is so that they can prepare for the work experience placement.

If you need any further information

Please email us at info@ebpwb.co.uk or to view our privacy policy, please visit our website http://educationbusinesspartnership.co.uk/privacy-policy/
